HEARD ON THE STREET

On Saturday last, a young Englishman, who had been sheep ranching in the Maple Creek district, was in Strathmore, and referring to the use of slang, said: "You know, I can't get this bloomin' Canadian lingo, docher know. Him the hold country he was called the son of a bitch, him the shepherd of the flock, but here they call me a 'sheepherding son of a coyote.'"

According to a special despatch to the Calgary Herald from Rockyford, that district received a rainfall of 47 inches on Tuesday, and at the same time the announcement is made that there is a demand for experienced irrigators. Strathmore people are wondering what they did with that rainfall of 47 inches.

Tony McKinlay says he will have the new Elk Lodge fully organized on June 21, and from that date until July 14, every Elk in Bow Valley, together with all the Calgary and Valcan bunch will be at the service of the Stampede organization, to help put on the biggest carnival ever held outside the larger cities. The only difference will be in size, but not in "pop." When an Elk says "Pop," well it is the real stuff. Get that date in your mind, July 14th.

The old saying that there was no place in existence where you would not find a Scotchman, has been proven in error. Since the discovery recently of the North Pole, a place where there is only ice and water, is no place for a Scotchman.

A gentleman visitor from Calgary recently, was very much interested in the latest models and most up-to-date styles in dressmaking, and seemed to be very well satisfied with the information that he received. Why shouldn't he when the teachers were so pleasant and painstaking?

Teachers may be called for the removal of the Tierney Block on Railway Avenue. The town council have been negotiating with Mr. Tierney in regard to securing that site, but the deal has not yet been closed.

Lund—"I think the Charleston is the limit."

Melvin—"I can't learn it either."

Traveller, talking to Frank Miller, asked him if he found it difficult in meeting expenses.

Frank Miller—"Jimmy crickets, no I meet them everywhere good and plenty. I meet them coming and going. I have to take the real cure at the Carsland Chateau every few days, helping Harold Smith make out the payroll for grandpa."

Sunday school teacher—"Now tell the class, Frank, how long it took to make the world."

Frank—"It was made in six days."

S. S. Teacher—"And what about the seventh?"

Frank—"He was arrested."

Panning had checks got a Calgary fellow into jail, and his troubles were further added to by a visit from two of his wives. Fred Nye says if this develops it will eradicate the check artists altogether.

Harry Thorburn thinks a lot of people worry too much, and are always crossing bridges before they come to them, while others cross railway crossings without even stopping to look and listen.

Dobky Humbly can't understand that old question that used to worry people, "Why does a chicken cross the street?" He would not worry about a "chicken" crossing the street.

Notices of entertainments, meetings, sales, etc., at which admission is charged, articles sold, or a collection taken, with the exception of actual church services, will be charged for at regular advertising rates.

POLITICAL PARTIES MAY USE STANDARD SPACE

The Strathmore Standard reaches the home of almost every elector in this district, and thus serves people who are the most ardent members of the U.F.A., the most enthusiastic followers of Hon. Mackenzie King and Jos. T. Shaw, and also the most loyal subjects of the Hon. Arthur Meighen, A. McGillivray and Hughie Miller.

The Standard announced last February, upon the change of ownership, that it would not be the political organ for any party, and has endeavored to follow along that line to the best of our ability up-to-date, whether that policy is sound or not, may be a matter of opinion, but the support given by the people has been most cordial and satisfactory to the management.

Now that a Provincial election campaign is underway, in which each party is competing with the other in presenting their claims for the endorsement of the public, the Standard proposes to open a Forum in which each may present their arguments, just why the Brownlee Government should or should not be endorsed.

Owing to limited space it will be necessary to limit each party to one column of space each week until the campaign closes. If the parties make use of this space, the people will be thoroughly conversant with the claims of each, and the Standard will be glad to distribute this information.

It is requested that those in charge of each party should supply copy not later than Saturday of each week.

The Standard believes that this plan will give the readers the best available information in regard to all the parties, and help to further establish it as the real Home Paper of the Bow Valley, rather than be the political hack of any one party.

BIG PLOWING MATCH ON WEDNESDAY NEXT

Interest in the plowing match to be held in Strathmore on June 16, is steadily growing, and prospects for carrying the same out successfully is most encouraging.

The Oliver Chilled Plow Co. and the Ford Motor Co., are sending films, which have been prepared at great expense, showing the proper preparation of seed beds and grain in different stages of germination. These films will be shown after the match at the Memorial Hall.

The Ford Co. are also endeavoring to secure a film showing the plowing match at Hamilton, Ontario, at which over 15,000 people were present. The fact that so many people were present is ample evidence of the very keen interest that is being taken in plowing matches in Eastern Canada, and everyone knows how hard it is to stir that Eastern gang up about anything but the tariff and moonshine.

Nevertheless, the plowing match, though then right, and Hamilton is only one of the towns to carry the same on most successfully.

Whitby, a small town not much larger than Strathmore, has been conducting an annual plowing match for more than twenty years, until now it causes no comment when they have an attendance exceeding 5,000. It is a real show, and President Jones and Secretary Dunn expect to be stepping on high from now until the plowing match is matter of history.

Remember the date, Wednesday, June 16. There are prizes for the experienced plowman, and also for the ambitious boys; no entrance fees and no admission charge. The Women's Institute will provide the eats. Mr. Traill's orchestra, the music for the dance in the Memorial Hall, and Manager Hill has made arrangements for a fast baseball match.

Now, on the square, isn't that a fine

layout for one day's outing?

Just get busy and bring friend wife along, and if you haven't a wife, bring your best girl, and she will have such a good time that probably you may have a wife before the match is put on next season.

To many every plow is the same, but to the experienced plowman it is recognized as being almost more difficult to adjust than a binder. When the importance is considered of the plow on the farm, every effort and inducement that can be made to develop the skill of the plowman and especially the boys who are approaching the age of responsibility, should be encouraged. Every demonstration of effective plowing is bound to be of far-reaching value to the people of the district who are fortunate enough to be on hand at the exhibition.

Don't say "May be", but say "I will be present". Get the habit and you will be with us again next year.

POLITICAL SUICIDE

The Calgary Albertan says the members of a women's political club in one of the ridings in the province have decided to vote No. 1 for their candidate, but not to vote No. 2 or No. 3 at all when there are three or more candidates in the running.

The members of the club are giving no assistance to their own candidate by declining to mark No. 2 and No. 3, and on the contrary they are very likely to do him and the party a very serious injury by taking any such action.

When the members of that club decided that they would not vote No. 2, they really decided that in case their own candidate was eliminated they would make no choice between the other two candidates. Their second choices could not be counted until their own candidate was eliminated. When their candidate is eliminated, if he should be then the election will be the same to them as if they had no candidate and they had to make a choice between the other two or more candidates.

Here is where such a decision is likely to injure the candidate whose supporters favor any such unwise plan. If one side decides not to vote No. 2, the others parties are not likely to vote No. 2 for such a candidate. If Smith, Jones and Brown are running and the supporters of Smith decide not to vote No. 2 at all, then the supporters of Jones are not likely to vote No. 2 for Smith. The outlook, then, for Smith, with the parties against him united with their second vote, is very serious.

With the supporters of a candidate do not injure his chances in giving their second choice to one of the other candidates, the chances of that candidate are very much injured if there are no No. 2 choices for him.

The Liberals are likely to win many elections by No. 2 choices, but they will not win very many if any Liberal supporters make an unwise decision to vote no No. 2 choices themselves.

Such a decision as that is in the nature of political suicide.

HOLLINGSHEAD TYPISTS WIN AWARDS

It will interest the former students of Hollingshead Commercial College, Calgary, to learn that Miss Nancy Pugh, Miss Charlotte Dinsgale, and Miss Louise Turback have been awarded several cash prizes and certificates in typewriting. The possession of these awards show great proficiency in typing, and careful training on the part of the typing instructor.

CHURCH BULLETIN

STRATHMORE UNITED CHURCH
Sunday, June 13th, 1926
The second Sunday of June is Children's Day.

At each service there will be an opportunity given, for any parents who wish to do so, to have their children baptized and dedicated to God.

The sermon will be on the subject, "The Family at the Centre". Sermons at 11, Chesham at 2:30 and Strathmore at 7:30 o'clock.

ARTHUR H. ROWE,
Minister

CHURCH NOTES

The meeting of the Official Board, by the gracious invitation of Mr. and Mrs. H. E. Johnson will take place at their home on this Thursday evening, June 10th.

The Strathmore Church School is attracting a large number of pupils and teachers. One hundred and six attended last Sunday.

Plans are made for the singing of a well as the Masse.

There was a large and enthusiastic meeting of the Strathmore Ladies' Aid at the home of Mrs. M. E. Garrett, with Miss Coote assisting Mrs. Garrett as joint hostess. Acting upon the resignation of Mrs. Irene Brown, Miss M. E. Garrett, the Society elected Mrs. A. Bray to the vacant position. The various committees reported action and progress, and all portions of evening refreshments. Among others present were Messrs. White, Marcus, Martin, Hirtle, H. J. Anderson, S. Moore, Tweedie, Whitehead, Breen, Little, Gatenby, Moodies, Teare, Lydall, Rowe, B. Jones, Shrimpton, Fredericks, Bray, Fisher, and the hostesses. Miss Florence Garrett entertained with one of her brilliant efforts at the piano, and Alice also performed creditably. The next meeting will be held on June 16th at Mrs. C. A. Lydall's with Mrs. H. E. Gatenby and Mrs. Gatenby as hostesses.

LIKE THE REST OF US

(Oskotoks Review)

"It funny," said T. N. Martin, reflectively, as he watched J. L. Rowe begin to have a strong appeal for him, Ford Redan: "how desire will outlast caution. A year ago when Jack first started to talk about buying a new car he was given a strong appeal for him, before he had made up his mind to do so. He wanted a \$9,000 steam car, but when he had saved fifty notes by the time he had told me that after all a \$7,500 Lincoln was a pretty good car for a town like this. Later on, on the advice of his banker he concluded that a Hudson Six would be all that he could be expected to get. And now he's gone and bought a Ford like the rest of us."

Locals

P. Wright has purchased the draying and ice business conducted by J. Schaufel, and Mr. Schaufel will engage in some road contracting, and also in connection with work on the new power line from Gleichen to Strathmore.

The G.W.V.A. that merged with the Canadian Legion, owned property in Alberta to the amount of nearly \$100,000, all of which was transferred to the Canadian Legion.

The funeral of the late Mrs. K. M. Wilson, of Ardmore, took place at Strathmore, Rev. A. D. Currie conducted the services in St. Michael's and All Angels Church. The interment took place at Strathmore Cemetery, at which a large number of friends and neighbors of the Ardmore district were present.

One of the outstanding programs at the Convention of the Woman's Institute at the Palliser Hotel was when Mrs. Nellie McLaughlin, noted author addressed the audience, and after her address Miss Esther Zerkle sang "When I Came Home to You," and was accompanied by Miss Jessie Acland, L.A.B. Miss Esther Zerkle responded to an encore and sang "Only a Little Blue Flower." The Palliser Hotel orchestra rendered two beautiful selections on this program.

J. B. McMillan, stock buyer, of Calgary, was in the district for the past few days. He reports a very successful race meet at Victoria Park, which kept the boys busy all week picking the good ones.

D. French and W. S. Patterson, were delegates to the meeting of the G.W.V.A. at Calgary, that voted to merge with the Canadian Legion.

A. O. Meyers and W. Douglas, of Carleland, when in Strathmore a few days ago, were very enthusiastic about the prospects for a successful School Fair at Carleland on September 22. These Carleland boys are sure making them all step these days.

Premier Brownlee will address a mass meeting at Strathmore on the afternoon of Friday, June 11, according to a plan at present made.

It is probable that ex-Premier Greenfield will speak at Strathmore at some date during the election campaign.

The regular meeting of the Woman's Institute, will be held at the home of Mrs. Neil White next Tuesday, June 15th, 8 o'clock. A paper on "Child Welfare" will be given by Mrs. Hinchcliffe. Roll call response "nursery rhymes."

Just as he turned the corner in front of the Strathmore Restaurant last Saturday evening, a front wheel came off Jas. Connors' car, and what might have been a serious accident, had it happened while Jim was driving it along a few moments before, was merely a little excitement for Jim and the crowd that gathered around. Better be born lucky than rich.

M. S. Hirtle will be compelled to stop work on his new theatre, until such time as he can complete the building of the new municipal hall at Rockyford, his tender for the latter building having been accepted.

Lord Willington has been appointed Governor General of Canada.

Archibald Ferguson, of Petrolia, Ont., an old time friend of Councillor R. Hall, spent Sunday with him.

Mrs. F. Yeomans, of Vancouver, is the guest of her sister, Mrs. Dr. Moore.

Dr. Moore assisted the sick in presenting Mr. and Mrs. Roy Gilmore, with a fine baby girl on Tuesday, June 8.

It is expected that Mr. Joseph T. Shaw will address a meeting in the Memorial Hall on Wednesday, June 23rd.

A VERY SEVERE SANDSTORM

As the sandstorm, probably the worst ever experienced in the Bow Valley, struck Strathmore between six and seven o'clock Tuesday night, the rain clouds which covered the sky were blown away by the fifty mile gale. In the homes it was necessary to light the lamps, and many people were exceedingly alarmed, anticipating the experience of a real live tornado. Fortunately the loss upon buildings has been slight, but it is impossible to estimate the damage to the growing crops.

Everyone expected and hoped for a downpour of rain, or possibly hail, but the terrific gale carried it completely

This advertisement is not inserted by the Alberta Liquor Control Board nor by the Government of the Province of Alberta.

Reasons Why the U. F. A. Government Should be Returned

The main concern of the Province is that of administration. Public Health, Maintenance of Law and Order, Transportation, Education, Industrial and Agricultural Welfare, are among the principal functions of the Government of Alberta.

Administration and legislation can be best handled by a non-party government.

The U. F. A. system of Government is one of co-operation with other representatives in the interest of the Province. The party system is one of opposition.

The party system is organized from the top down, the U. F. A. system is organized from the bottom up. Under the U. F. A. system the power is with the people. It is not contended that the new system is perfect, but it is a big step in advance.

The political parties in Alberta are subject to dictation from their respective headquarters in Ottawa. The U. F. A. representatives are responsible only to the people of Alberta. Recent events have proved the necessity of having a Government in Alberta not subject to outside dictation.

All over the world the party system is breaking down.

The Alberta Government is not a class Government. It has always been prepared to co-operate with representatives of all interests elected to the Legislature.

Your only choice in this election is between the U. F. A. system of Democratic Government and the party system. There is no alternative.

"In the wake of the party system had followed corruption."—J. T. Shaw, Nov. 1921.

WORK AND VOTE FOR U.F.A. CANDIDATES — JOIN THE U. F. A.

SCOUT NOTES

The troop turned out on the other evening in full force with hose, and made short work of the weeds round the Memorial Hall, and thus lightened the labours of Messrs Gann and Patterson.

It is the object of the officers of the troop to get the boys started early to do something for the community, and they will continue to have this spirit for doing community work as they get older.

Active preparations are being made for a summer camp, and practically all the boys will attend as 100% should have uniforms by the end of this month. Two or three of the boys will be glad to take small jobs so that they can earn the money for uniforms, and any person who has a job to be done was well attended on Monday afternoon, and a scout will be sent.

EDITORIAL NOTES

G. Coote, Progressive member made the statement in the House of Commons that revenues from farm animals dropped from \$149,000,000 in 1918 to \$80,000,000 in 1925, and that there has been a drop in the number of Alberta cattle of approximately 400,000 in the last five years.

Col. H. A. Mullins, Conservative member for Marquette, maintains that the Canadian cattle trade requires reduced rates to get into the British market in order to make it profitable.

Dr. Tolmie, the Conservative member for Victoria, maintains that the best type of Canadian cattle can compete with the product of any country, but the class that might be described, "built for speed rather than beef," should be eliminated.

SUGAR BEET ACREAGE

Acres in sugar beets in the ir-
rigated districts of southern Alberta
will reach 7,000 acres this season.
This is 1,000 acres more than the
contracted area of last season.

ROCKYFORD

This week the Chautauque is here
for the first four days, and with the
fine weather and good roads, will no
doubt draw a big crowd. Green
credit is due to Messrs. J. A. Mc-
Guire and Miss Post for making the
Chautauque possible by selling tickets.

The Rockyford Ladies' Club will not
hold their usual meeting this week,
but will meet again on June 24th at
the home of Mrs. Leon Perkins.

On June 18th, the Ladies Club are
holding a strawberry and ice cream
social, which will be followed by a
dance, for which the Jolly Boys'
famous orchestra has been engaged.
A good time is assured.

The question of the moment among
farmers seems to be whether to irri-
gate now or wait until it is too late.
Many are already using the water on
stubble crops. Summer-fallow wheat
is looking splendid, and there ap-
pears to be no cause for anxiety as far as
moisture is concerned, although a
good rain would be a great blessing
at this time. Last Tuesday we had a
very nice shower of —47 ins., which
did a lot of good at the time.

Grasshoppers are making their ap-
pearance in some fields. Today we
saw quite a large patch eaten off a
field near Redland. Farmers would
do well to go over their land and place
poison any where they find the hop-
pers in any numbers.

It is not necessary to irrigate the
road, simply spread the water smooth-
ly over the field and wait results.

On Sunday a ball game was played,
Rockyford vs Granger, resulting in a
win for the home team 16 to 6. The
visitors were unable to do anything
with the pitching of Walter Hynes,
while Ivor Reish distinguished him-
self by his hitting. Stanley Birt, the
youngest member of the team, played
a game equal to any, showing great
promise for the future.

M. E. M. Wilson, our local C.N.T.
agent, is on his vacation, and is being
relieved by Mr. McFush. We are all
glad for Mr. Wilson to have a holiday,
at the same time his courteous and
efficient manner is being greatly mis-
sed.

The monotony of the gate which has
been blowing for the past six months
was pleasantly broken this morning
by a cyclone from the south-west.
This pleasant change from Spring to
summer will be very welcome.

Mr. A. C. Marwick, who was trans-
ferred from the Rockyford branch of
the Bank of Commerce, to Innisfail,
returned to Rockyford this week to re-
new old acquaintances.

Mr. E. M. Hayes, of Vermilion, has
taken the place in the Rockyford bank
vacated by Mr. Marwick.

Mr. W. D. Havard, of the Bank staff
has returned from a very enjoyable
vacation spent in the south part of
the province.

Rockyford Tennis Club are playing
in a tournament in Drumheller next
Sunday.

A dance was held on Thursday
under the auspices of the Tennis Club.
This was a most successful affair.
Shorty says so, because they didn't lose
anything.

There will be a dance after the
Chautauque on Thursday night.

Mr. Gibson tells me that he is com-
pletely sold out of Chevrolets. He has,
however, two more car loads on the
way to Rockyford.

Mr. H. W. Leonard has been an
appointed enumerator for Rockyford and
Tutor districts, assisted by Mr. A. F.
McGuire. Get your name on the list.

The S. Scott, E. Moe, and C. Wren
from Strathmore, also George Westmore,
Arthur Botsford and E. Ferdinand
Dahl spent Sunday at Turner Valley.

The Misses Nellie Barron, Jeanette
McIntyre, and Jeanie Rae are home
after a year at the Calgary Normal,
and will be numbered among the Al-
berta teachers the coming year.

Miss Ethel Sargent, of Calgary, is
staying at the home of her aunt, Mrs.
O. Botsford.

W. Alcock is the census enumerator
in this district.

STANDARD

The Chancellor junior baseball team
played the juniors of Standard on
Saturday. The latter won by a score
of 12-27.

Mr. Brooks Avery, of Lethbridge,
arrived on Monday to act as relieving
manager in the Royal Bank while Mr.
Lait enjoys a holiday.

Mr. H. C. Farthing was a visitor to
Chautauque this week, returning on
Wednesday.

Light showers of rain fell in this
district on Tuesday, but we are still in
need of rain.

Rev. McNutt was a visitor to town
on Thursday. Don't forget church ser-
vices in the school Sunday, at 11 a.m.
Everybody welcome.

Quite a number from town attended
the dance given in W. W. Botsford's
barn, Friday in aid of Olds Orphan
Home.

Mr. and Mrs. H. Muir motored to
Calgary on Saturday.

TO USE ALBERTA COAL

It is stated officially that the Cana-
dian National Railways will use
1,300,000 tons of Alberta coal during
the coming year on its lines in West-
ern Canada.

Capt. J. T. Shaw's MANIFESTO

1. Immediate examination of our provincial taxation system and adjustment on sound principles of taxing powers between the province and the municipalities.
2. Decentralization as far as practicable in the services of government, so as to secure more efficient service at less cost.
3. An immediate and long overdue reduction in taxation with special tax adjustments for sub-humid areas not suitable to intensive production.
4. A serious and determined effort to make expenditure balance income every year, not every pre-election year only, as at present.
5. The budgeting of an adequate sum every year, on the sinking fund principle to effect the retirement of our public debt within a reasonable time.
6. Realizing the primary importance of the agricultural industry, the Liberal party pledges itself to assist that industry in every reasonable way, by ensuring that co-operative marketing enterprises get a square deal, secure from unfair competition and from all partisan influence and all discrimination; by the provision of adequate facilities for marketing the farmers' produce; by establishing, in close co-operation with the Dominion government, a system of rural credits based on sound principles, by vigorous demand before the Railway Commission for needed reductions in railway and express rates and for the elimination of discriminatory freight rates, and by jealously guarding the farmers interests in the western route, not only by zealous watching but also by proper representation.
7. The Liberal party undertakes to inspire a real leadership in educational affairs and will be prepared to make more liberal financial provisions for that essential service. Also will use every endeavor to have the federal government not only continue but increase its grants for technical education. In addition there must be a closer co-ordination of the agricultural work undertaken by the university and agricultural and other schools in the province.
8. The Liberal party pledges itself to encourage an expansion in the hospital and nursing service of the province in order to promote the highest standard of public health.
9. The Liberal party has assisted in every possible way to secure the return to the province of its natural resources. This should soon be realized. If honored with public confidence the Liberal party proposes to undertake the prompt and efficient development of these resources in the public interest along sound business lines.
10. When entrusted with office the Liberal party will engage a small body of experts to examine the sources of power in the province for the purpose of evolving if possible a practical power scheme to supply cheap power to our communities for industrial and agricultural purposes.
11. The Liberal party offers a redistribution according to a definite plan on the principle of representation by population paying however, due regard to the more sparsely settled portions, geographical area and community of interest; it being understood that such redistribution will substantially reduce the number of provincial ridings.
12. The Liberal party proposes to encourage a policy co-operative effort of all classes and their representatives in the interests of democratic legislation.
13. The Liberal party strongly favors and approves of a co-operative effort between the Dominion and Provincial governments for the purpose of securing old age pensions. The plan which has received second reading in the House of Commons is approved.
14. The Liberal party is responsible for every advance made in securing to women a larger measure of equality in political and economic matters. That policy must be continued until in every practicable way, women enjoy the fullest equality with men.
15. The Liberal party offers to the electors a policy of constructive effort and of action, and a government "of all the people, by all the people and for all the people."

BRING ME THE REMAINS

THE GUN CLUB

Each line of sport devotees are quite convinced that their special attraction is the best. If you want to get among a bunch of ring-tail enthusiasts, just run across a few members of the Gun Club discussing the last match, and you will rapidly arrive at a conclusion, that this baseball, cricket, tennis and golf stuff don't amount to very much.

Mat Taylor has been exhorting the faithful for months, but only a few took him seriously, but now each week there are new followers turning up at the matches, and the marksmanship is rapidly improving; last week A. Pierson getting 24 out of 25.

Mat has been giving special attention to Retail Red, a most promising cott who almost broke his tutor's heart last week by falling off to 15.

Red explains that he was overtrained in the extra work that he was forced to put in developing Pharmacy Oils. Now that his many customers are getting results from his painstaking efforts, he will endeavor to give more attention to the affairs of the Gun Club. The old game, which is a smooth proposition, now being able to take care of itself.

Mat Barker has quite a few snail shots to wager that he will improve his score at the next match, or in any event in the following one.

O. L. Wheeler was contentedly welcomed, and opened up with a score of 17.

The following are the scores:

A. Pierson	24
M. Barker	18
Wm. Blackwell	12
Red McKechnie	15

SCHOOL COLUMN

DEPARTMENTAL EXAMINATIONS
Owing to the fact that rural schools will be required for polling places on June 28th, the date of the Provincial elections, the dates of the Departmental examinations have been altered as indicated on the Revised Time Table.

Your attention is drawn to the fact that the examinations set for Saturday, the 26th; Tuesday, the 29th; and Wednesday, the 30th, remain as previously announced; those set for Monday, June 28th, will be held on Friday, June 25th, while those set for other dates will be held one day earlier, at the hour previously announced.

DOMINION DAY AT STANDARD

The Annual Sport Day will be held at Standard on Dominion Day. Two big baseball matches, first game between Carleton and Husar, and the winner to play Strathmore.

Football game between Standard and a Calgary team, also a program of horse races, together with a big dance at night, will give everyone a fine outing.

BASEBALL

The Strathmore Baseball Club met with success financially on May 24th, when the receipts totalled about \$300, which, after all expenses were paid, left the boys with a nice little surplus on hand, which will help to keep Treasurer Bill Saunders and Manager Hill from turning grey trying to finance a ball team with hot air and good intentions.

WHO WILL WIN THE MEDAL?

The Directors of the Strathmore Agricultural Society wish to thank the Royal Bank for the donation of a medal which will be given to the competitor who does the best work in the match in any of the classes. Several other prizes will be donated and particulars will be given in our next issue.

All local farmers who are interested in the work of the Society should join the Society at once and thus enable the directors to make the organization. One of the strongest in the province. Full information will be given in 12 applications to Fred J. Dunn, the Secretary-Treasurer, on request. 11 directors will also be glad to receive donations of cash or prizes from any person interested in the encouragement of better farming methods, and same should be made to the Secretary-Treasurer.

Be a booster for your Agricultural Society, and you are doing something for your community.

Social & Personal

Rev. Bishop J. T. Kidd, of Calgary, accompanied by Rev. Father Macdonald, will attend the Eparchial Conference to be held at Chicago June 20 to 24, when it is expected over a million Roman Catholics will be present.

Carl Atkins and wife spent Sunday in Strathmore. "Shorty" says he likes Blackie, but oh yes Strathmore.

Vincent Gilbert was thrown from a horse on Saturday and seriously injured his elbow.

- 26—Strathmore and Cheadle.

It is expected that a mass meeting will be held at
Strathmore with a cabinet minister present; the
name to be announced in the next issue.
Everyone turn out and hear the present member give
an account of his Legislature record and policy for
the future.

F. A. LOUNT CHOSEN

LIBERAL CANDIDATE

(Continued from front page)
plus; another source of revenue for
which no great credit may be given
the government is \$100,000 received
from the estates of several wealthy
men, who found it convenient to dis-
turb the year that the Bow Valley
Govt. were anxious to show a surplus.
ness administration, he referred to the
new administration, he referred to the
fact that the Stewart Government in
1921 placed \$268,000 in the reserve
fund of the Telephone Department,
but by 1925 this fund had been wiped
out and a deficit of \$8,500 created.

He referred to the many com-
plaints that had been appointed in the
drought area, without the report of
any being adopted.
He referred to the Natural Re-
sources as a fine example of the lack
of political sagacity. While the
Brownlee Government has been most
active in cutting down public services,
they have at the same time been most
expert in developing new taxes, such
as doubling the coal tax, and increas-

ing fees at the Land Titles office.
He has closely followed the career
of Capt. Shaw in the Dominion House,
and he was certain that a better day
for Liberalism dawned when he ac-
cepted the Provincial Liberal lead-
ership. The reports being received
from all over the province were most
encouraging, and he was truly con-
vinced that Capt. Shaw would be the
next Premier of the Province, and
they hoped that Gleichen would do
themselves proud by returning Mr. F.
A. Lount as a supporter of the new
Shaw Government.

ONLY WOMAN

RETURNING OFFICER

—0—
Claiming the distinction of being the
first woman returning officer, she
was appointed in the general election. Mrs.
A. A. Baker, has been named to act
in that capacity by the Medicine Hat
riding in the forthcoming provincial
elections.
